ImpactTune Club Pricing

Monthly pricing for one club location

Players join ImpactTune free. Club plans are based on appointment-based spaces rather than member, employee, coach, reservation, or program counts.

Club plans

Plan	Monthly	Bookable spaces	ImpactTune booking fee
Club Starter	$0	Up to 4	$1 for every retained paid player spot
Club Operations	$149	Up to 12	$1 only for ImpactTune-sourced retained paid spots
Club Scale	$199	Up to 24	$1 only for ImpactTune-sourced retained paid spots
Club Unlimited	$349	Unlimited	No ImpactTune platform or booking fee

A bookable space is a court, simulator bay, reservation-only range, or other facility offering that requires an appointment. Walk-in offerings do not consume the allowance.

Included with every plan

- Branded public club website, shareable ImpactTune address, optional club-owned custom domain, photo gallery, programs, coaches, amenities, contact information, and storefront
- Intelligent Ladders and Organized Play with confirmations, rating-based groupings, schedules, scores, standings, and DUPR-ready export
- Lessons, clinics, ladders, tournaments, events, memberships, player development, demand intelligence, learning, community, and messaging
- External, hybrid, or ImpactTune booking workflows with unlimited players, staff, managed coaches, reservations, programs, and ordinary push notifications for one location

Payment compatibility

Option	Price	How it works
Manual external payment	Included	The club can retain Clover or another system and record the external payment status in ImpactTune.
Automated Clover Sync	$29 per location monthly plus $99 setup	Planned pilot for Clover payment and refund reconciliation. The player pays the club in Clover; ImpactTune bills the club separately through Stripe.

For player payments processed by Clover, the club is the merchant of record and handles player refunds, chargebacks, taxes, and payment disputes.

Optional entry add-ons

Add-on	Monthly	Setup	Included
Photo Review	$39 per location through Stripe	$99 once through Stripe	Up to 5,000 entry-photo captures, 72-hour ordinary-image retention, staff side-by-side review, and audit history. $0.01 per capture above 5,000.
Connected Door	$79 per location	$299	Photo Review plus the first controlled entrance, rotating credentials, anti-passback, passage events, and device audit. Additional entrances are $25 monthly each.
Automated Identity	$149 future pilot	$499	Future consent-based ID and selfie enrollment, liveness, one-to-one matching, and human exception review. Not currently offered.

Connected entry hardware, freight, installation, electrician work, permits, and partner support are quoted separately. Future Automated Identity planning assumes $2.50 per completed government ID and selfie enrollment or reverification, 2,000 entry checks included, and $0.05 per additional check.

Photo Review overage example

At 6,000 captures in one billing month, the first 5,000 are included and the additional 1,000 cost $10. The monthly Photo Review total is $49. The $99 setup fee is charged only once.

Pricing examples

Facility example	Monthly ImpactTune price
Four-space Starter club with Photo Review	$39 plus applicable $1 retained-paid-spot fees
Forty-space Unlimited club with Photo Review	$388
Forty-space Unlimited club with three Connected Door entrances	$478 plus quoted hardware and installation

Billing rules

- A fully refunded player payment reverses the applicable ImpactTune $1 fee.
- For a partial refund, the ImpactTune fee never exceeds the amount the club retains.
- A retained late-cancellation or no-show payment keeps the applicable ImpactTune fee.
- Photo Review base and setup charges are collected through Stripe. Capture overages are metered monthly and appear as a separate Stripe usage charge.
- Stripe processing, Clover processing, taxes, carrier SMS, disputes, hardware, installation, and optional third-party services remain separate.
